FIRST AID

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

IF SWALLOWED: Rinse mouth. Call a doctor if you feel unwell.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes serious eye irritation. Harmful if swallowed. Wear protective eyewear, long sleeved shirt, long pants, shoes plus socks and chemical resistant gloves made of any waterproof material when mixing or handling concentrate. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. 93% of the mixture consists of component(s) of unknown acute oral toxicity.

ENVIRONMENTAL HAZARDS

Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Avoid release to the environment.

DIRECTIONS FOR USE

CONSULT YOUR LOCAL FERTIZONA REPRESENTATIVE OR OTHER AGRICULTURAL SPECIALIST FOR SPECIFIC CROP RECOMMENDATIONS.

SMARTLINE™ FERTI-OIL is an emulsion of 93% cottonseed oil and 7% emulsifiers that may be used on agricultural, forestry, turf and ornamental, industrial, rights of way, and non-cropland sites. This product improves deposition and crop canopy penetration of pesticide spray applications. It is formulated to increase the coverage of pesticide sprays and to reduce evaporation of the spray mixture on plant surfaces after application. This product is well suited for aerial applications and ground applications using low volumes of water or where the vegetable oil concentrate acts as a carrier in the pesticide spray mixture.

Read and follow the precautions, restrictions and recommendations on the labels of pesticides used with **SMARTLINE FERTI-OIL**. Use according to the most restrictive label directions for each product in any tank mix.

COMPATIBILITY: SMARTLINE FERTI-OIL is compatible with most pesticides and foliar nutrients. However, if the desired combination has not been previously used, a compatibility test is recommended.

MIXING: Shake well before using. For liquid formulations, premix the recommended amount of **SMARTLINE FERTI-OIL** with the pesticide, then add enough water to provide the desired application volume. For wettable powder formulations, premix the pesticide with water, add the recommended amount of **SMARTLINE FERTI-OIL**, then add enough water to provide the desired application volume. Continuous agitation of finished spray is recommended. If spray solution has been allowed to stand, thoroughly agitate and remix before application.

RECOMMENDATIONS: Specific use rates will vary with conditions of application such as water, hardness, application method, equipment, spray droplet size, condition of foliage, etc. Also, higher rates than those below may be used if recommended by pesticide labeling. Follow pesticide label directions. However, do not add this product at a rate which exceeds 5% of the finished spray volume, except when used as a diluent/carrier.

Normal Applications: Use 1-2 quarts in 5-20 gallons of water per acre, not to exceed 5% volume. For backpack or hand held sprayers, use 1 fl.oz. per gallon of finished spray solution.

Citrus Sprays: Use a 1% solution in 100-500 gallons of water per acre.

Dormant Orchard Sprays: Use a 1-2% solution in 100-500 gallons of water per acre.

ULV Application (Except California): Where no water is used, use 1 quart per acre.

Controlled Droplet Applications (CDA): With water, use 1/2 to 1 quart per minimum 5 gallons finished spray; where no water is added, use 3-5 pints per acre.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Store in original container away from children, animals, foods, feeds and seeds. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product Disposal.

PRODUCT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

CONDITIONS OF SALE AND WARRANTY

Fertilizer Company of Arizona, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. Fertilizer Company of Arizona, Inc. neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of Fertilizer Company of Arizona, Inc. and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. To the extent consistent with applicable law, Fertilizer Company of Arizona, Inc. or the Seller shall not be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Fertilizer Company of Arizona, Inc. and is accepted as such by the Buyer.
