

MSO

SPRAY ADJUVANT

GENERAL USE INFORMATION – READ ENTIRE LABEL BEFORE USING THIS PRODUCT

GENERAL INFORMATION

MSO is a multicomponent spray adjuvant developed to maximize the performance of most postemergent herbicides. This product may be used as a replacement for non-ionic surfactants and crop oil (petroleum oils) in most postemergence herbicide spray mixes. Methylated seed oils have been tested by universities and research indicates methylated seed oil improves the performance consistency of post emergence herbicides such as Assert[®], Pursuit[®] and other herbicides.

DIRECTIONS FOR USE

CONSULT YOUR LOCAL FERTIZONA REPRESENTATIVE OR OTHER AGRICULTURAL SPECIALIST FOR SPECIFIC CROP RECOMMENDATIONS.

SHAKE WELL BEFORE USING

KEEP CONTAINER CLOSED IN STORAGE. DO NOT ALLOW WATER TO BE INTRODUCED.

READ ALL DIRECTIONS FOR USE BEFORE APPLYING

Use MSO at 1.5 - 2.0 pints/acre with the herbicide of choice. Always read and follow the label of the herbicide to be used with MSO. The 2.0 pint/acre rate may be required if weed populations are extreme or if plants are stressed at the time of treatment.

Always add MSO last to the spray mix and continue agitation or follow specific tank filling and mixing information provided on the herbicide label.

Refer to the herbicide label for additional recommendations or precautions.

Assert, Pursuit are registered trademarks of BASF.

For Postemergence Applications with Herbicides

Principal Functioning Agents:

Total of all active components. 100.0%
(Active components include Methylated Seed Oil)

Ingredients exempt from requirement of residue tolerances under TITLE 40 of the Code of Federal Regulation 180.1001(c).

MSDS available upon request.

NET CONTENTS: 2½ Gals/9.5 Liters

STORAGE AND DISPOSAL

Do not use aluminum or copper (including brass or bronze) components in any handling or storage equipment for this product. Mild steel components should not be used except for emergency, or temporary, short-term service. Use stainless steel (316 or better), polyolefin (polyethylene, polypropylene, etc.), fiberglass, or other high-quality acid-resistant plastic materials. Check with equipment manufacturer for compatibility of components prior to use with this product.

STORAGE INSTRUCTIONS: KEEP PRODUCT IN ORIGINAL CONTAINER. DO NOT PUT CONCENTRATED OR DILUTED PRODUCT INTO FOOD OR DRINK CONTAINERS. DO NOT STORE AT TEMPERATURES BELOW 32° F. AVOID PROLONGED STORAGE AT TEMPERATURES BELOW 20° F. SINCE CRYSTALS MAY FORM WHICH ARE DIFFICULT TO DISSOLVE.

CONTAINER DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Triple rinse (or equivalent) and add rinsate to spray tank, then offer for recycling or reconditioning, or puncture and dispose of according to state and local authorities. If burned, stay out of smoke.

CAUTION

Avoid contact with eyes and skin. Remove contaminated clothing and laundry before reuse.

STATEMENT OF PRACTICAL TREATMENT

In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes. Call a physician.

In case of skin contact, wash affected areas with water.

NOTICE

READ ENTIRE LABEL BEFORE USE,

IF TERMS ARE UNACCEPTABLE RETURN AT ONCE – UNOPENED.

Fertilizer Company of Arizona, Inc. warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for the purposes stated on such label only when used in accordance with the directions under normal use conditions.
